## Summer turns a corner...

### *Fall is just around the bend*

Holly Kisly

Summer is upon us and while most people are avidly soaking up the sun, Theatrix Costume House is preparing for yet another busy season!

Starting in early September, Theatrix will host it's second ever SHOWROOM SALE EXTRAVAGANZA! During this time, unique rental costumes and accessories may be purchased at phenomenal prices. This is a rare opportunity to acquire stage worthy pieces for your Theatre group, Halloween or private collection.

Of course, the sale will be followed by nothing less than the usual Halloween frenzy. Halloween retail stock is arriving daily and is being unpacked by Theatrix Elves. According to staff, there are lots and lots of scary and sexy costumes to choose from this year. They advise people to book early to avoid disappointment. While we never run out of costumes at Theatrix, the most popular costumes are booked first.

## YEAR IN PERSPECTIVE

### *Exciting new costumes made 06/07 Theatre season the best yet!*

*Iolanthe*, *Miss Saigon* and *Kiss Me Kate* are just a few of the shows we constructed new costumes for this past season. Part of the purpose of the Showroom Sale in September is to make room for new and exciting costumes as we revamp our existing stock and as new rights for other shows are released.

### WANT TO BOOK A SHOW WITH US?

A little planning goes a long way and nobody knows this better than the skilled professionals at Theatrix Costume House. While most Theatre Groups like to book their show at least three months an advance, situations sometimes arise where time is of the essence. When you find yourself in a pickle, it is always good to be armed with the essentials. This includes: complete measurements, a cast list and a breakdown of the costumes required for your production. You should call us right away, explain your situation and time constraints and we'll work with you to alleviate some of the stress and work our magic!
